

The Red Bag of Courage Mitzvah Project

Members of youth groups and children preparing for bar and bat mitzvah celebrations can save lives through this exciting mitzvah project helping raise the funds needed to stock an Israeli paramedic's bag with bandages, oxygen masks, syringes, medical equipment, and medicine.

Funds can be raised through runs, walk-a-thons, bake sales, or any variety of ways. And American Friends of Magen David Adom, Israel's affiliate to the Red Cross, will be there to guide you. Participants who raise a minimum of \$1,000 will receive their own monogrammed red bag, which can be used for school, gym, or as a memento of their good deed. Do a mitzvah. And help save a life.
