

EATING IN ISRAEL:

Breakfasts and dinners are kosher in our hotels. Lunches are on your own. Kosher options are available on route and in most multi-selection food courts.

Restaurants: Customary rate for tipping in Israeli restaurants and cafes – 20%.

Wait-staff tips must be left in cash; they cannot be added to a credit card bill. Almost every restaurant in Israel has menus in English. Occasionally, the spellings or translations can be a bit strange, but these can provide amusement as well as charm. Israelis generally eat later than Americans; usually becoming crowded around 9pm or later.

Food Allergies– bring index card listing allergies and their translation in Hebrew AND bring your own snacks from home. Visit: <https://www.foodallergyconcierge.com/> to order Hebrew language allergy cards to carry at all times
SNACKS - found in Israel may not have labels in English. Allergens might not be clearly marked. Bring your own from home.

WATER: Tap water is officially drinkable throughout Israel, but bottled mineral water is widely available. Remember to drink more liquid than usual to combat the effects of dehydration.

Complimentary water provided daily on our motor-coaches.

TAXIS:

Drivers must operate the meter for trips within the city. Locals do not tip taxis; the common practice is rounding the shekel amount up.
